**ATTENTION:**

**U-SHAPED POND PROPERTY OWNERS**

April 10, 2020

At the Brentwood HOA annual meeting in February the U-shaped pond was a topic of discussion. Discussion included getting the property owners on Yellowwood Drive, Teakwood Drive, Mahogany Drive, Thornwood Drive, and Sequoia Court involved in the overall management of the pond and properties surrounding the pond. It is important to have the property owner's involvement in making decisions regarding the pond moving forward.

Two property owners have stepped up to be involved to start a pond board. We are looking for more property owners to get involved to be part of this pond board. If you are interested in participating on the pond board or being a volunteer for future pond projects please contact Brentwood's management company Yourhoa.
